Chapter 15
Thomas and Julie Gennero

Mr. David Gondak
American Society for Quality, Philadelphia Section

Dear Mr. Gondak:

The 2012 Philadelphia Regional Future City Competition was a great success thanks to our many supporters including ASQ, Philadelphia. Your contribution of \$ 500 was a great help in funding the competition and its many awards. This was a wonderful outpouring of appreciation to the over 300 middle school students, their teachers and engineer mentors who participated on January 28.

Your Creative Approach to Problem Solving award was presented to the team from:

St. Andrew School
535 Mason Avenue
Drexel Hill, PA 19026
Ms. Anita Mazzone
610-259-5145
amazzone@saintandrewschool.com

You can obtain photos of the team receiving your award from our web site, www.futurecityphilly.org; click on "Special Awards". There are additional photos of the competition on the site.

I recommend that you invite the team that won your award to display their model at a society meeting where your society members and visitors can view it. You may also want to invite them to give the presentation that they used in the competition to your society members. It will probably be a thrill for the students and interest your society members in participating in next year's competition.

Thanks again your support of the competition.

Sincerely,

John E. Kampmeyer, PE
Regional Coordinator
